

<b>BRILLANT nitrilCOMFORT</b>	
<b>Product description</b>	
<p>Disposable protective gloves and examination gloves made of nitrile butadiene rubber, blue, powder-free, non sterile, ambidextrous. Compliant with Dir. 93/42/EEC, EN 455:2000, PPE 89/686/EEC, EN 420:2003, EN 374:2003 and food regulation 1935/2004. CE certification: Category III – waterproof protective gloves for chemical hazards. Medical Device Class I. Quality certification: ISO 9001, ISO 13485. Surface: textured fingers, colour: blue</p>	
<b>Field of application/use</b>	
<p>Disposable protective glove and examination glove made of nitrile butadiene rubber, blue, powder free, non-sterile, and ambidextrous. Textured fingers for good grip in wet and dry conditions. A wafer- thin nitrile glove with excellent elasticity for good wearing comfort. Robust – high mechanical resistance. Free from phthalates/softeners and allergenic latex proteins – latex free, suitable for people with latex allergy. Blue-coloured – suitable for areas subject to HACCP standards, e.g. in the food processing industries. Big Pack: Longer use of package - with 200 pieces. Suitable for the medical field. Protection against grease, oils and other skin irritants. Good resistance to common chemicals.</p>	
<b>Storage</b>	
<p>Store in original packaging in a dry and dark place at 10°C to 30°C, and protect from heat, humidity, bright light and ozone. 3 years storage life.</p>	
<b>Packaging units</b>	
S, 200 piece/package	Art.-No. 4451000700
M, 200 piece/package	Art.-No. 4451000800
L, 200 piece/package	Art.-No. 4451000900
XL, 200 piece/package	Art.-No. 4451002000
<b>Safety information</b>	
<p>Precautionary measures: Always check the gloves for possible mechanical damage (e.g. holes or tears) before use.</p>

<b>BRILLANT nitrilCOMFORT</b>	
<b>Opis izdelka</b>	
<p>Zaščitne rokavice za enkratno uporabo in rokavice za preiskave iz nitrila, brez pudra, nesterilne, obojestransko uporabne. V skladu z RL 93/42/EWG, EN 455:2000, PSA 89/686/EWG, EN 420:2003, EN 374:2003 in smernico za živila 1935/2004. CE- certificiranje: Kat III – Nepremočljive zaščitne rokavice proti kemičnim nevarnostim. Medicinski izdelek razred I. Certifikat kakovosti: ISO 9001, ISO 13485. Zunanja stran: hrapavi prsti, barva: modra.</p>	
<b>Uporaba/področja</b>	
<p>Zaščitne rokavice za enkratno uporabo in rokavice za preiskave iz nitrila, brez pudra, nesterilne, obojestransko uporabne. Hrapave konice prstov poskrbijo za boljši oprijem tudi na mokrem področju. Izredno tanke in zelo elastične za prijetno nošenje. Visoka mehanska obstojnost. Brez phthalatov/mehčalcev in alergeni lateks proteinov - s tem so primerne za alergike. Modre barve - primerne za področja kjer veljajo HACCP standardi, kot so na primer obrati predelave živil. Primerno za področje medicine. Nudi dobro zaščito proti maščobam, oljem in snovem, ki dražijo kožo, kot tudi čistilnim sredstvom in topolom. Priročni Big pack - z 200 kosi.</p>	
<b>Skladiščenje</b>	
<p>Shranjujte pri 10°C do 30°C v suhem in temnem prostoru, v originalni embalaži ter varujte pred vročino, vlago, močno svetlobo in ozonom. Obstojnost v skladišču 3 leta.</p>	
<b>Enote pakiranja</b>	
S, 200 kosov/paket	št. art. 4451000700
M, 200 kosov/paket	št. art. 4451000800
L, 200 kosov/paket	št. art. 4451000900
XL, 200 kosov/paket	št. art. 4451002000
<b>Varnostna opozorila</b>	
<p>Preventivni ukrep: pred uporabo preverite rokavice na možne mehanske poškodbe (npr. luknje ali razpoke).</p>
